

AMY SPEACE

THE KILLER IN ME

"A collection of gems, a little dark around the edges. As a singer, she's got a soulful voice that grabs your ears. Take note, Amy's one artist you won't want to miss." -- **John Platt, WFUV**

"A real singing writer of songs". -- **Barry Mazor, Village Voice**

"For some time Lucinda Williams' 'Car Wheels On A Gravel Road' was the best album I had ever heard, but this is even stronger....although 2009 has just started, I can't imagine we will receive a better album this year."
-- **Hemifran (Sweden)**

Possessing a commanding voice, a distinctive melodic sensibility and an uncanny knack for nailing complex emotions in song, AMY SPEACE makes music that's both illuminating and effortlessly accessible. Her forthcoming release, *The Killer In Me*, follows her 2006 breakthrough *Songs for Bright Street*. While *Songs* won her a loyal international fan base, *The Killer In Me* finds the NY-based artist forging into deeper, darker lyrical and musical terrain, delivering an album of startling intimacy and resonance.
